Subject: accessing wells for sampling at Tower Standard

Gents,

I received Dave's voicemail about sampling the wells that were installed by our subcontractor. I have no problem with sampling the wells. They may, however, have different locks than the other wells. I will ask Bristol if they know the lock numbers and have them send a message to you both.

I am taking vacation this week but will be generally available. Please call my cell if you have any questions. 708 296-0102.

Thank you

Bob Egan
